

## Quick Start Guide

# SEARCH WIDGETS

Interested in adding a *Films On Demand* Search Widget to your library's Web site? Here's how!

The *Films On Demand* Search Widget will allow your students and faculty to quickly and easily search your entire streaming video collection from Films Media Group by segment or by title. Just follow these simple steps to set up your customized widget.

### FYI

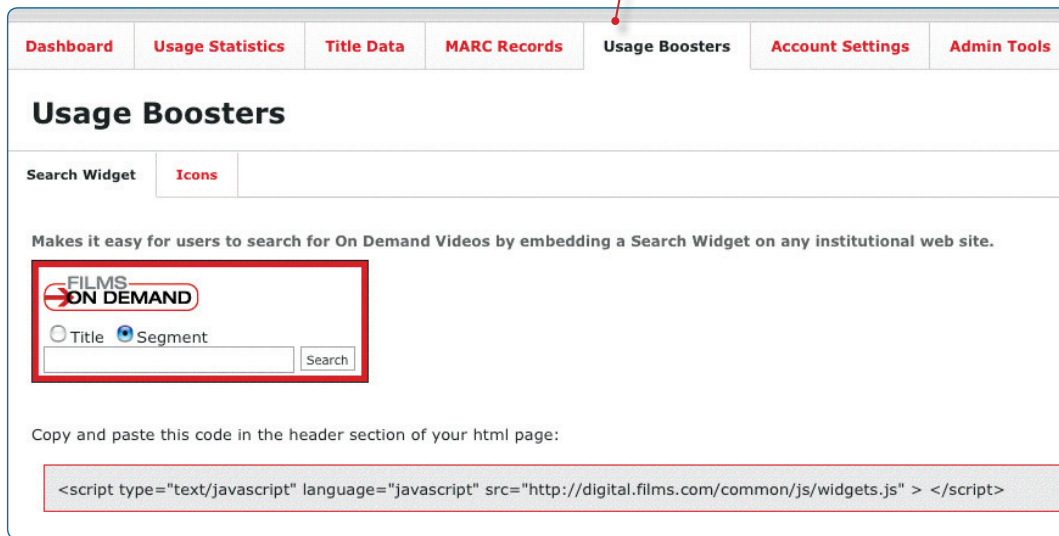

The On Demand platform requires authentication. If the Search Widget is accessed outside an authenticated area, the user will be prompted to log in.

## To set up a CUSTOMIZED SEARCH WIDGET,

log in to [admin.films.com](http://admin.films.com), then select the **Usage Boosters** tab. Follow the easy instructions to embed the Search Widget directly onto your institution's Web site.

### FYI

You must be the account administrator to access [admin.films.com](http://admin.films.com).
